

CLASS II SINGLE-PHASE ISOLATING TRANSFORMERS for DIN rail mounting

- Compliant with standard **EN 61558-2-4**
- Standard voltages
Input winding **230/400 V**
Output winding **230 V** or **115 V**
- Other voltages available on request
- For **DIN** rail mounting
- Protection rating **IP20**
- Electrical protection rating **II**
- Thermal insulation class **F**

W fe = no-load losses
W tot = full-load losses
Vcc % = short-circuit voltage
 Δv = voltage drop from no-load to full-load
